Introducing...

Warehouse Registration Service

A better way to manage
and control your storage
risks for Cocoa Beans and
Cocoa Products

Progress

The FCC Warehouse Registration Service (“WRS”) identifies the location where the cocoa is stored and provides a basis of risk assessment for goods stored by use of an annual inspection of the storage locations.

- **WRS is to be worldwide**
- **WRS is for cocoa beans and cocoa products**
- **WRS uses the same position location system throughout the world which is freely available to all**
- **List of warehouses considered to be Registered to be published on FCC Website.**

WRS assesses the warehouse risk from the viewpoint of the Owner/Financier/Insurer, not catered for by any other system.

Co-operation

The Federation of Cocoa Commerce Ltd. Warehouse Registration Service is managed by the FCC Secretariat.

WRS is only available to FCC Members and will be managed through the co-operation of:

Warehousekeepers

All FCC
Warehousekeepers
are eligible to request
the FCC to inspect
their warehouses to
be potentially listed as
Registered under WRS.

Supervisors

All FCC Supervisors are
eligible to become FCC
Inspectors following
a successful training
programme.

Insurers/ Financier

All FCC Members may
propose additions/
changes to what
is checked by the
Inspectors.

Stock owners

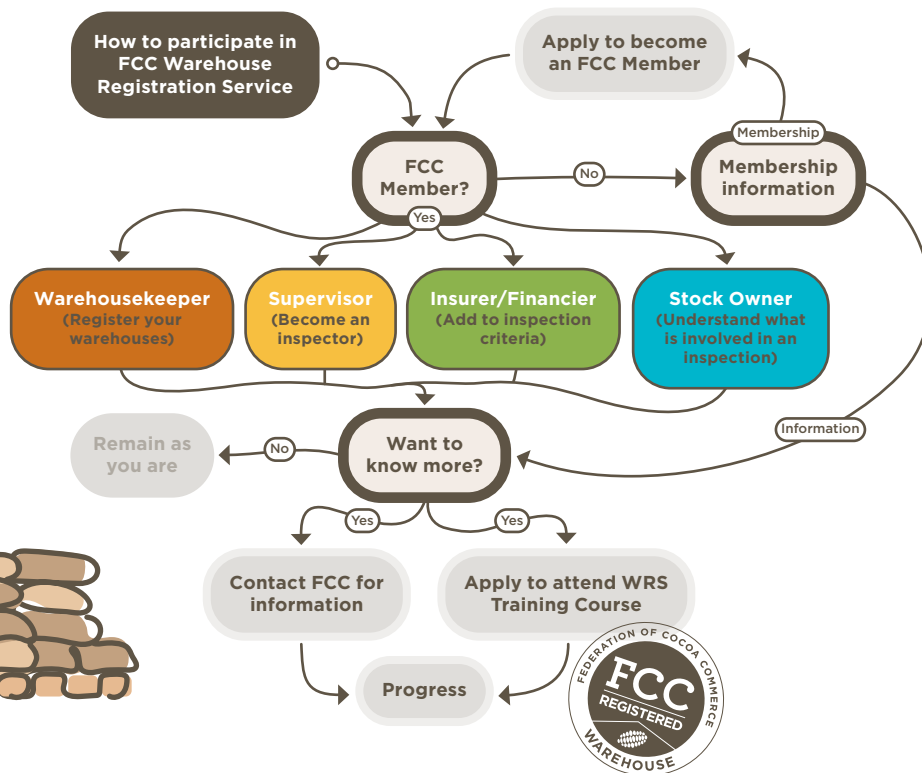

All FCC Members may
propose additions/
changes to what
is checked by the
Inspectors.

Standards

- All independent inspections to be co-ordinated and managed by the FCC
- Inspection forms showing the questions asked to be available on the FCC Website: www.cocoaederation.com/WRS
- Changes to the inspection forms may only occur through the acceptance by the appropriate committee and council
- Training courses for Inspectors will be open to all to attend
- List of Registered Warehouses to be published on the FCC website for FCC Members: www.cocoaederation.com/WRS
- Details of the findings of inspections to be given to the Warehousekeepers for distribution at their discretion.
