Introduction to FCC Online Education

The FCC education modules are available on The Grain & Feed Trade Association (“GAFTA”) online learning platform ‘Agribility – training for international trade’. All enquiries regarding FCC online education modules should be made to the FCC Secretariat (fcc@cocoa federation.com).

All FCC online modules take approximately 40 minutes to complete and are easily accessible from a laptop, computer, mobile phone, or tablet. You can also use the Agribility Platform App – instructions for iPhone and Android can be found on our website.

More FCC modules will be introduced to the platform over time so please keep an eye on our website for the list of available modules, which will constantly be updated.

Pricing

The price per module is as follows:

- **FCC Member: £75 per module**
- **Non-Member: £125 per module**

Once registration for the module is confirmed, the FCC will issue an invoice in respect of the module fee. Upon payment of the invoice access to the module will be granted.

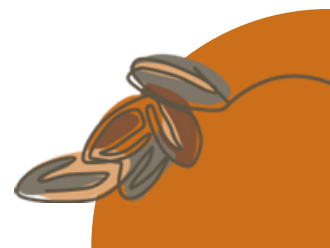

Module Format

Each module will begin by explaining the learning outcomes.

There are knowledge checks to ensure you understand the content as you progress through the module.

Each module ends with a short multiple-choice assessment which is graded. In order to pass you have to score a minimum of 70% correct answers, after which an FCC-accredited electronic certificate of completion is available. You will have three attempts to achieve a score of 70% in the multiple-choice assessment to obtain the certificate.

If you are unable to achieve 70% within three attempts, you will fail the module and not receive a certificate.
